Quantec-Pro Corridor Display
Part No. QP908C

Overview

- Designed to indicate incoming calls from a Quantec-Pro call system in corridors, staff rooms and nursing stations.
- Includes a high-contrast easy-to-read OLED display that can support place names of up to 24 characters.
- Also features an onboard sounder that can generate multiple standard and HTM specific tones and a series of buttons to accept and/or scroll through current events.
- Shows call type, call location and (depending on the device used to make the call) the User ID or name of the person calling.
- Highest priority calls are shown first with a message saying how many calls are waiting.
- Flash and sounder rates intensify to reflect the urgency of incoming calls.
- Adjustable contrast and volume controls.
- External sounder connection.
- Ergonomically designed and surface mountable.
- Did you know calls can also be shown on smartphones and tablets using our Quantec Surveyor2 App? For details click here.

More Information

Technical Specifications

Power requirements	Nominal 24V DC (from Quantec Controller/Network)
Quiescent current	4.4mA.

T 01942 322744   E sales@c-tec.co.uk
F 01942 829867   W www.c-tec.com
C-TEC, Challenge Way, Martland Park, Wigan, WN5 0LD United Kingdom

Indicators	2 line x 20 characters plus 4 suffix backlit OLED display.
Controls	Accept (A); Scroll Up; Scroll Down. Adjust contrast; Adjust volume; Enable internal/external beeper.
Connections	Net +: Net –
Expansion connections	External sounder connection (current sink to the NET- line rated at 30 V, 30mA, 300 mW dissipation max.)
Onboard Sounder	Yes.
Onboard Infrared Receiver	No.
Product dimensions (mm)	154 W x 125 H x 34 D mm. Surface mounting.
Construction & finish	Plastic.
IP Rating	IP41.
Weight	200g.
Operating conditions/temperature	-5ºC to +40ºC. Max relative humidity: 95%.
